WORK EXPERIENCE

Front-End Developer Intern

Credapp Software Pvt. Ltd

6-Month

- Designed and developed responsive, user-friendly web interfaces as a Front-End Developer using HTML, CSS, JavaScript, jQuery, and Bootstrap to deliver engaging user experiences.

Jr. Front-End Developer

Sky Productivity Pvt. Ltd.

10-Month

- Developed responsive and visually appealing user interfaces using HTML, CSS, JavaScript, jQuery, and Bootstrap.
 - Collaborated with designers and back-end developers to deliver seamless and dynamic web applications.
 - Ensured clean, maintainable, and reusable front-end code to improve scalability.
 - Debugged and resolved UI/UX issues to provide a smooth experience across devices.
-

PROJECTS

Cyber-punk: cyber-punk-project.netlify.app

- A dynamic web application inspired by a futuristic cyberpunk theme, developed using HTML, CSS, JavaScript, MySQL, and PHP.
- Designed a visually immersive user interface with custom animations and responsive layouts.
- Built back-end functionality to manage user data and dynamic content using PHP and MySQL.

Charge-up: charge-up.netlify.app/

- Optimized images, minified CSS/JS files, and a streamlined codebase guarantee quick page load times.
- Smooth animations and interactive elements powered by JavaScript enhance user engagement.
- A clean and intuitive interface that focuses on usability, helping visitors find information quickly and effortlessly.

Enclave: enclave-ruby.vercel.app/

- A unique custom cursor effect that follows users' movements, adding a playful and interactive element to the browsing experience.
- Implemented a sticky, minimalist navigation bar and utilized a clean, responsive layout to ensure seamless viewing across all screen sizes.
